

## Yorkshire Rose Light Blues

The Light Blues have been created across the province to bring together new, young and prospective masons. They facilitate new masons to meet socially, help with their learning and development and to share ideas, experiences and develop best practices related to freemasonry. It is also a forum for them to hold social events, debate masonic issues, develop lasting friendships, become better informed, and enjoy like-minded men's company. <https://www.westriddingfreemasons.info/the-light-blues>
